Dear Sir:-

Please find enclosed a letter written to me several weeks ago by
Paul H Kusuda, 32-3-3, and my reply to him of this date.

I knew Paul very intimately when he was a student at City College and I
learned to like him very much. I never doubted his loyalty to the USA even
after Pearl Harbor.

His letter to me seems to bear out the opinion I had formed of him and I
am sending these letters to you with the hope that your own investigations may
prove his thorough loyalty to the land of his birth - the United States of
America.

I served one year as a First Lieutenant with the AEF in France and I
would never consent to have dealings with any person or organization not 100%
behind the USA. I know that there must be many loyal Americans among the
American born Japanese and I firmly believe that Paul Kusuda is one of these.

It is my hope that if opportunity is given to some of the loyal Japanese
Americans to enlist in some form of war work, Paul may be chosen.

Yours very truly,

Walter W. Stamm
